ADDITIONAL COMMENT(S):

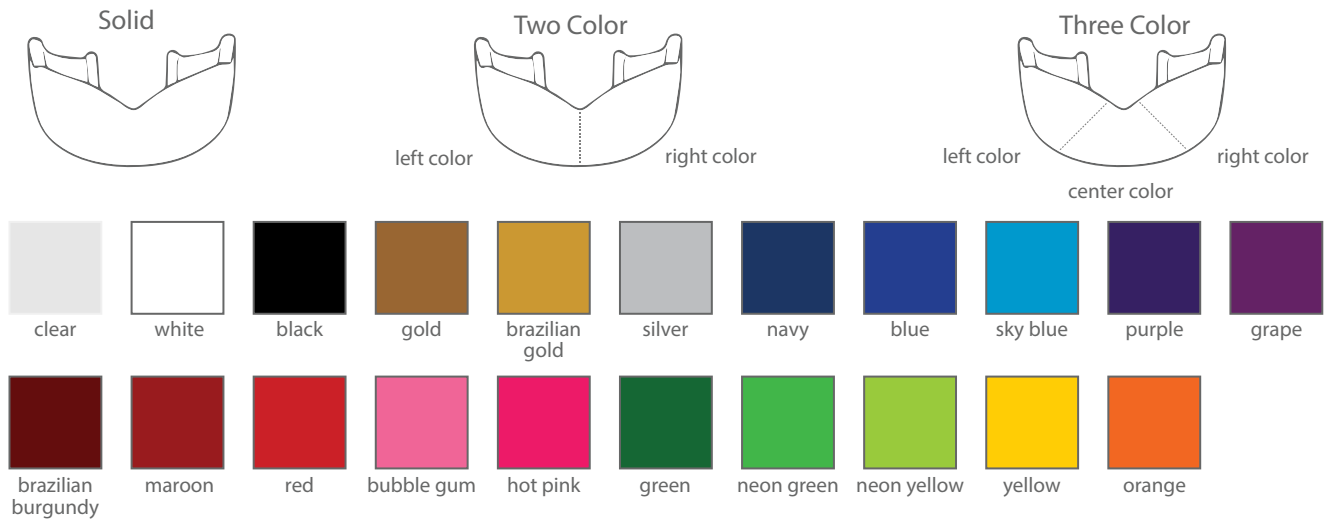

To accurately quote a cost, draw or affix your custom design artwork to the template below. Be as detailed as possible. Please be sure to accompany this design template with the work order form and electronic artwork (if needed).

Email to designs@sportsguardlaboratories.com to Start the Quote Process

If you are supplying electronic artwork it should be a .JPG or .PNG file. Please note that our production personnel may need to alter the artwork to fit within our production standards

BETTER MATERIAL. BETTER MOUTHGUARD

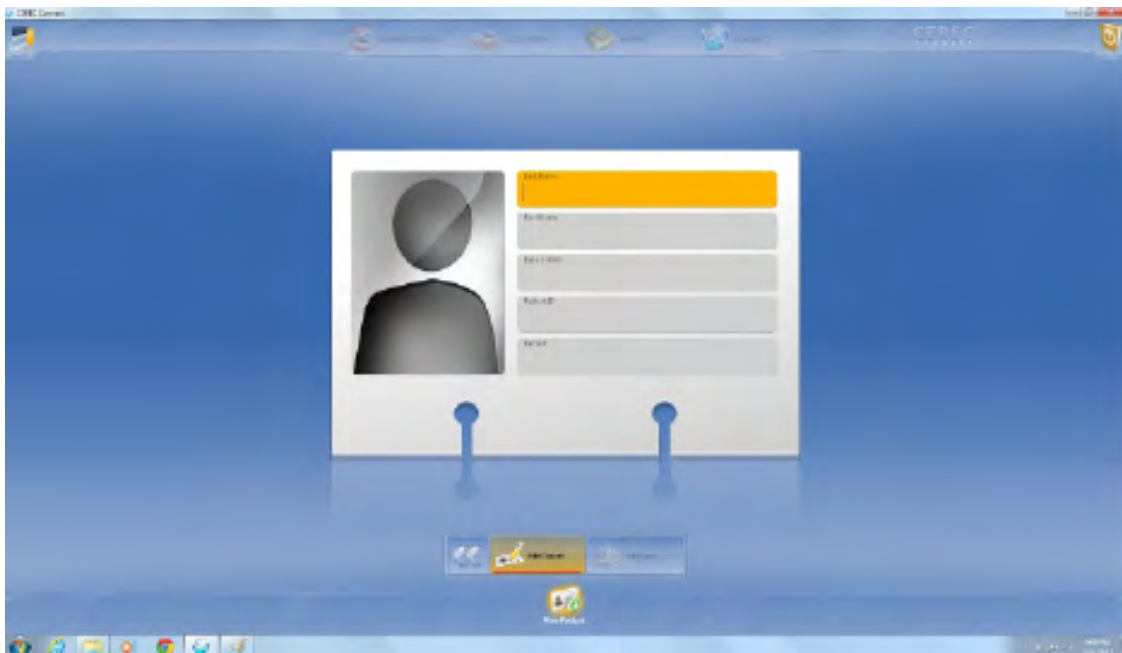

PolyShok™ is a proprietary blend of plastic designed specifically to create better athletic mouthguards. It has been tested by American Standards in Testing and Measurements (ASTM) to be over 150% more shock absorbent than leading traditional mouthguard (Ethyl Vinyl Acetate) materials.

Please follow these steps after completing the Sportsguard Laboratories [Work Order Form](#) and [Design Template](#) (if necessary).

1. Open CEREC Connect.

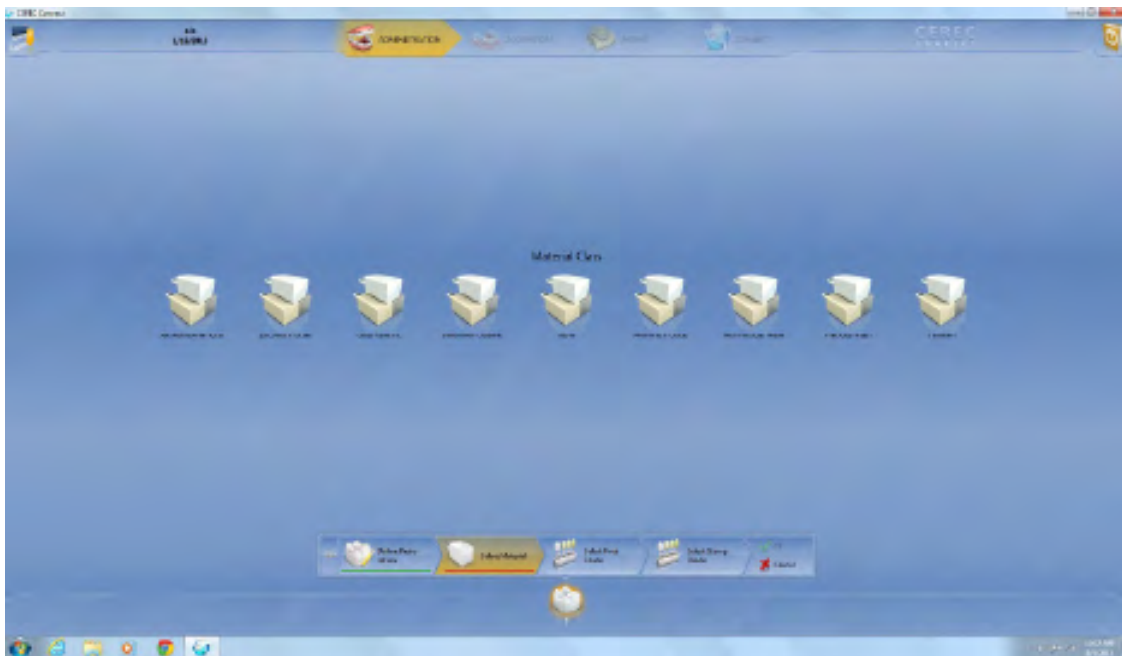

2. Create an order/case in CEREC for the patient by clicking "Add Patient" and entering patient info. Then click "Add Case".

3. Pick any tooth on upper arch by clicking on it, then click on "Select Material".

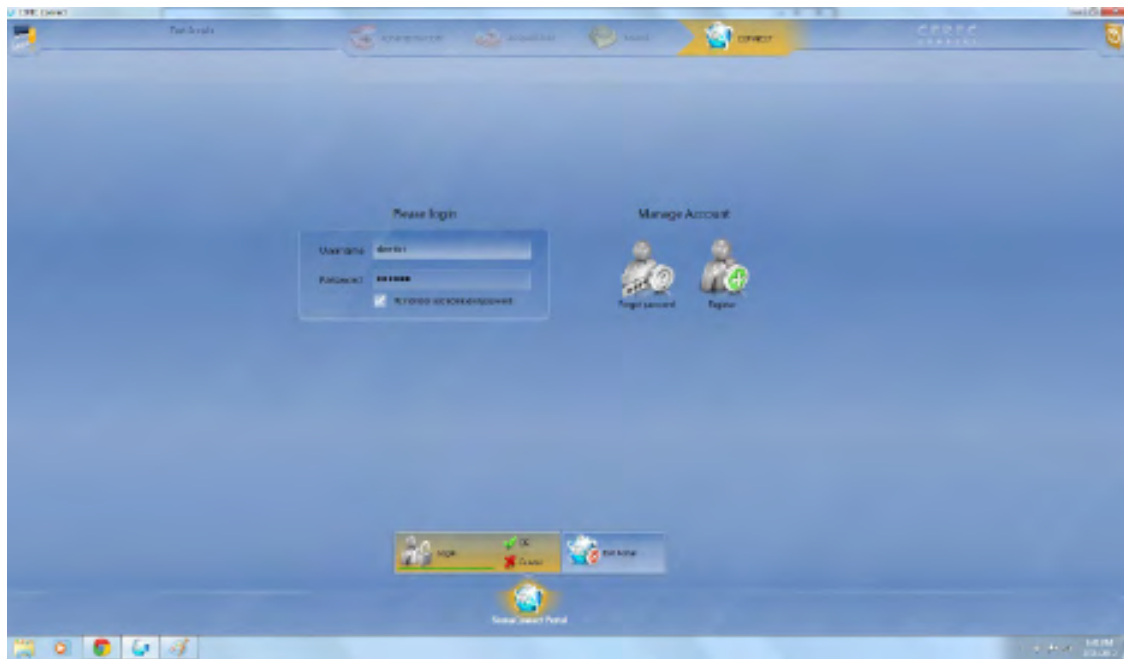

4. Pick any material by clicking it, then click "OK".

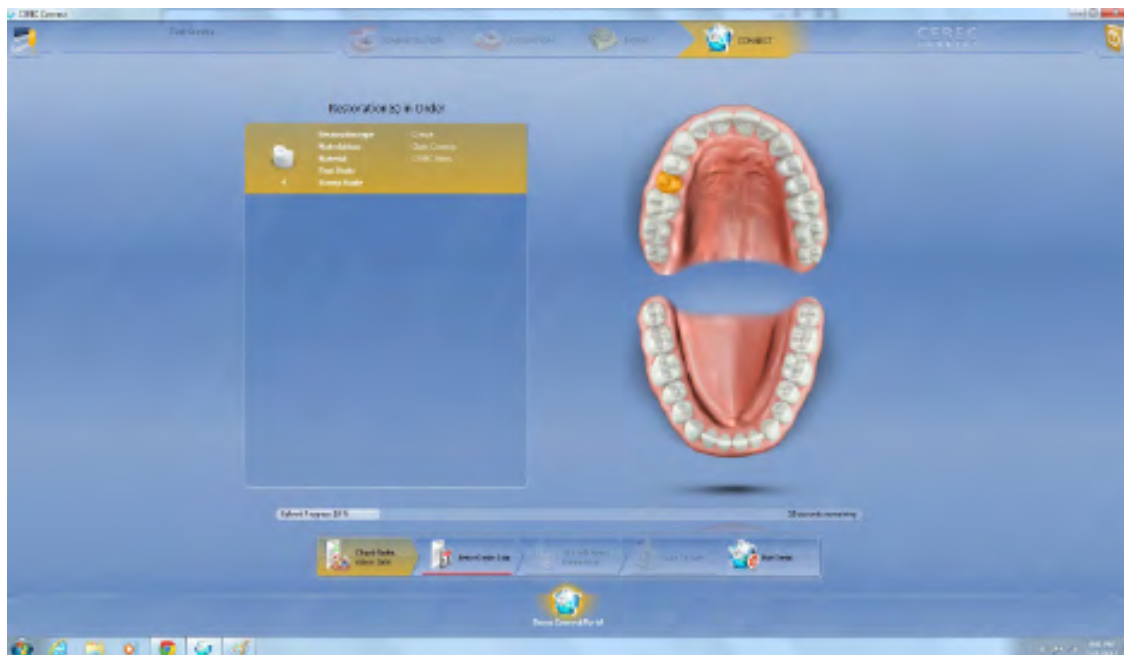

7. When scanning is complete, double click chevron to proceed.

8. On the next screen, enter your username, password, and click "OK". If you haven't registered, click on the "Register" icon to setup your account. Don't forget to select Sportsguard Laboratories as one of your favorites.

9. Your case is now uploading. While it is uploading you can proceed by clicking "Enter Order Data".

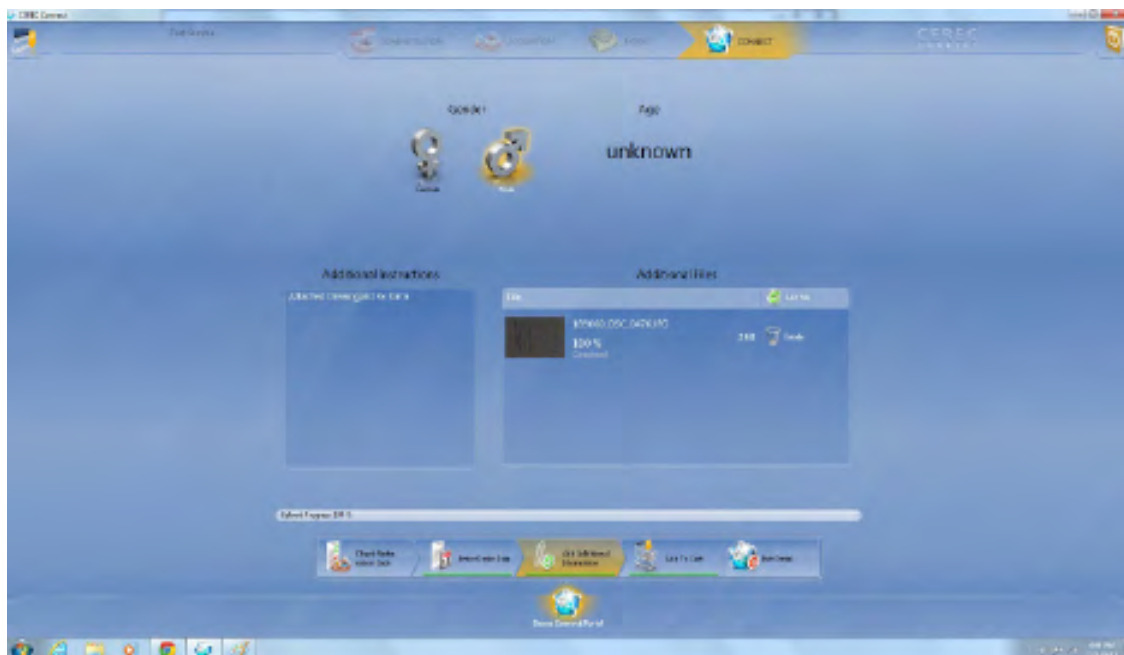

10. Select Sportsguard Laboratories (if available), or click “Edit Your Favorite Laboratories” to add it to your favorites list.

11. Choose any date from the calendar. (Expect delivery within 10-12 working days.) Then click “Add Additional Information” to proceed.

12. Attached the completed Sportsguard Laboratories Work Order Form and Design Template by clicking on “Add File” and navigating to the file(s) on your computer. Then select “Gender” and click “Add to Cart”.

13. Review order details, then click “Submit Cart” to proceed.

14. Enter your username and password and click “OK” to complete order.

15. You will now be able to see the submitted order and its current status. If your scan is rejected, you will receive a notice through the CEREC Connect System with an indication on why it was rejected.

Please follow this process for future digital impressions that you want to submit to Sportsguard Laboratories. If you have any questions please contact us.
